ABOUT ME

I am a highly ambitious and results-oriented person, who thrives in collaborative environment. As a team player, I am committed to supporting my colleagues in achieving our shared goals and values. Working under pressure is a non-issue for me, as I am skilled at managing multiple tasks and priorities simultaneously. Always eager to learn and grow, I will be excited to bring my skills, experience and motivation to a new challenge.

WORK EXPERIENCE FREELANCE/PROJECTS

Web Developer

MK Pedalboards

March 2023-now

- Creating a website/e-commerce store for MKPedalboards, company creating accessories for musicians
- New functionalities are still work in progress, including: products page, custom shop, shopping cart, checkout, and profile page
- Website is still in early alpha
- As of now, the project is on hold

Guitar Teacher

Self-employed

January 2021-July 2022

- Working with aspiring guitarists, establishing connections with potential clients
- Lessons were both in students houses and online

Customer Advisor

EMPIK S.A

September 2018-April 2019

- Working the register
- Providing best customer assistance regarding products and offers
- Working with products in the store

Personal Blog Website

<https://gregor-kaw-blog.vercel.app/>

- A webpage with many popular functionalities
- Next.js/React.js/Tailwindcss/GraphQL/HyGraph
- HyGraph CMS is used to manage content on the website: posts, comments, categories, etc.
- Deployed on Vercel

Streamer App

<https://github.com/gregorkaw/streamer-app>

- Fullstack Streamer App that allows users to check, add and upvote or downvote streamers.
- React.js/Tailwindcss/Node.js/Express.js/SQLite
- Both backend and frontend were created using the best practices for CRUD app

Other Projects

Designed for my own needs:

- Weather app • <https://anime-weather-app.vercel.app/>
- QR Code Generator • <https://qrcode-ruby-mu.vercel.app/>
- Django Chatt application • https://github.com/gregorkaw/django_chat_app
- Todo app • <https://github.com/gregorkaw/ToDo-list-with-react-and-RTK-Query>

All apps and projects are available on my github page: <https://github.com/gregorkaw>
